

INTERN PHARMACISTS

We are looking for motivated intern pharmacists to join our dynamic team. Good Price Pharmacy is a rapidly expanding group with enormous opportunity for dedicated pharmacists who are interested in being a part of our future growth.

Our Warehouse pharmacies are fast-paced, exciting stores suited to those who enjoy working in a team. Whilst working in a busy environment, you will be exposed to a broad range of clinical presentations and will have the benefit of learning from a large team of experienced staff.

Since 2009, Good Price Pharmacy pre-registration pharmacists have had the opportunity to participate in the Good Price intern development program. The program consists of 7 face-to-face modules and was developed after consultation with preceptors, students & recent graduates. The development program is designed to assist in the transition from student to pharmacist, by building on practical skills gained throughout the pre-registration period, and knowledge acquired at university and through the accredited national training programs.
